Have at the ready

- Certified death certificate — Leon D. Leash, date of death June 14, 2026
- Jessica's SSN, date of birth, and government-issued ID
- Jessica's banking / Fidelity information for where the new Inherited IRA will land

Account	Number	Notes
Rollover IRA (the claim)	Y90901256	≈\$470k; passes by beneficiary designation, outside trust
Trust: Under Agreement	Z73675350	\$104,220.14; trustee-controlled (Sandra L. Hill)
Trust: Under Agreement	Y97210273	\$89,409.24; trustee-controlled
Ghost account (item 36)	Y01237817	Renumbered, closed, or mislabel — confirm

CARDINAL RULE: Direct trustee-to-trustee transfer into a properly titled Inherited IRA / BDA only — titled “**Leon D. Leash, deceased, FBO Jessica R. Leash.**” NEVER accept a check payable to Jessica personally. A non-spouse beneficiary cannot do a 60-day rollover; a personal check makes her entire half irrevocably taxable in 2026.

Questions, in priority order

- 1. **Verify the beneficiary designation on Y90901256 as actually on file.** Expected: daughters 50/50 direct. If the trust is named instead, stop — that half routes through Article 7 and the attorney. Most important confirmation of the call.
- 2. **Was Leon's 2025 RMD taken during his lifetime?** If not, there is a second missed-RMD issue to address.
- 3. **2026 year-of-death RMD.** Confirm the \$39,525.80 figure and that \$0 has been taken. Confirm each daughter can satisfy her ≈\$19,763 half from her own Inherited IRA by 12/31/2026, and what Fidelity needs to process it.
- 4. **Open Jessica's Inherited IRA now.** Timeline from claim to funded account? Can Fidelity set up automatic annual RMD calculations (years 1–9 on her single-life expectancy; account empty by end of 2036)?
- 5. **Y01237817** — renumbered, closed, or mislabel? (Z73675350 likely being the former Z69-252700 suggests renumbering, but get it confirmed.)
- 6. **Registered titles on Z73675350 and Y97210273** — do both read LEASH FAMILY TRUST / Surviving Spouse's Trust dated 11/18/2014? These are trustee-controlled, so Fidelity may limit specifics — ask what documentation the trustee must provide (likely a Certification of Trust, Probate Code §18100.5 — same document being requested from Sandra for Newrez).

Do not spend call time on

- The UTMA account — trustee's death-notification item, not Jessica's.
- Basis-date questions on the trust accounts — CPA territory; just note anything Fidelity volunteers.

If daughters 50/50 is confirmed on the IRA, this track fully decouples from the trustee, the attorney, and the appraisal — it can move to completion on its own. Fidelity Inheritance Services: **800-544-0003**.
